## Elevating the Plastics Conversation:

### *"That Plastics Guy" Podcast Featured in Canadian Plastics*

Simcoe Plastics' *"That Plastics Guy"* podcast has earned a prominent feature in Canadian Plastics magazine, which highlights Kurt Stahle's (Simcoe Plastics President) journey from plastics industry veteran to respected podcast host. Launched in January 2024, *That Plastics Guy* offers a mix of technical insights, industry observations, and expert interviews, which have garnered international attention.

This feature applauds the podcast's ability to provide valuable, digestible content for plastics professionals, with episodes covering everything from product launches to technical tips.

According to Canadian Plastics, Stahle's deep expertise, cultivated over decades in the industry, sets the podcast apart. This knowledge, combined with his approachable style, has earned *That Plastics Guy* a second-place ranking on Feedspot's list of plastics-related podcasts. Feedback from listeners has been overwhelmingly positive, with many praising the show for its engaging and informative discussions.

The article emphasizes the podcast's growing influence, noting that its mix of monologues, interviews, and regular segments like *"Tech Tip Fridays"* keeps listeners coming back for more.
