

The Most Effective Commercial Purging Compound. Safe for ALL resins.

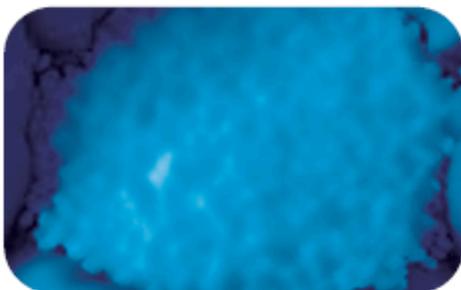

Thermoplastic Materials

Canadian Engineered Purging Compound. Unlocking Your Maximum Uptime!

- Mechanical formulation purge compound MC2-HH
- Suitable for high heat (engineered resin) applications
- Safe for hot runners and pin gates
- Fully compatible with ALL resin types
- Fully compatible with ALL processing equipment
- Chemical/mechanical purge compound GP-HH Hybrid

Canadian Made

Fresh Start Polymer Solutions is a Canadian company, with engineering by a team of industry professionals. Products that are designed for maximum efficiency, ease-of-use, and safety. All of which drive maximum uptime for your equipment.

Demonstration

Interested in a trial of MC2 -HH or GP-HH Hybrid? Contact us and we will coordinate a trial with you. See the effectiveness of MC2-HH or GP-HH Hybrid in person. See first hand why our purging compound makes good business sense.

On-Line Resources

Visit the Simcoe Plastics website (www.simcoeplastics.com) and click on the Products/Fresh Start page for up to date work instructions and safety information for Fresh Start Polymer Solutions products. Keeping you informed is what we do.

Our Suppliers

Innovation by Chemistry

Product		Supply Partners		Product		Supply Partners	
ABS	 Innovation by Chemistry			Polyester			
Acetal (POM)				Polyethylene			
Acrylic (PMMA)				Polypropylene			
Biodegradable				Polystyrene			
Compounds				Purge Compound			
Custom Colours				PVC			
Long Glass				Sterile Solutions			
Nylon 6 and 6/6		 Innovation by Chemistry		TPE			
PC/ABS				TPU			
Polycarbonate				TPV			

Ready to Serve

For over four decades, Simcoe Plastics has been providing innovative, sustainable, and cost effective thermoplastic resins, colourants, additives and processing solutions.

Our President, Kurt Stahle, began his career working at his family's plastics business as a teenager. The values he acquired early in life still ring true today; treat customers with the utmost respect, act with integrity, and share knowledge to problem solve and advance the industry.

We are passionate about meeting client needs, from the shop floor to the boardroom. We invite you to experience *the Simcoe Plastics difference.*
