

Simcoe Plastics Ltd: Proudly Canadian

A commitment to Local Distributors

At Simcoe Plastics, we take pride in being a **Canadian** company that supports local businesses and strengthens the domestic supply chain. By working closely with Canadian manufacturers, processors, producers and distributors, we ensure high-quality materials are readily available, reducing lead times and promoting economic growth within our borders.

Our commitment to local partnerships means better service, reliable solutions and a shared investment in Canada's manufacturing industry.

When you choose Simcoe Plastics, you're not just selecting top-tier materials—you're supporting a network of Canadian businesses dedicated to innovation and sustainability.

Our **"Made in Canada"** products include:

- **Black Masterbatch**
- **Colourants**
- **Processing Additives**
- **Purge Compound**
- **Polypropylene Compounds**
- **Polyethylene Compounds**
- **Recycled Materials**
- **Functional Masterbatches**
