

*"A Passion for Polymers"*

## WHO WE ARE

Simcoe Plastics Ltd. is a Canadian-owned company, founded in 1980, with current leadership having 40 years of experience in thermoplastics sales and processing.

Our *"Passion for Polymers"* drives us to deliver innovative and reliable material solutions across North America.

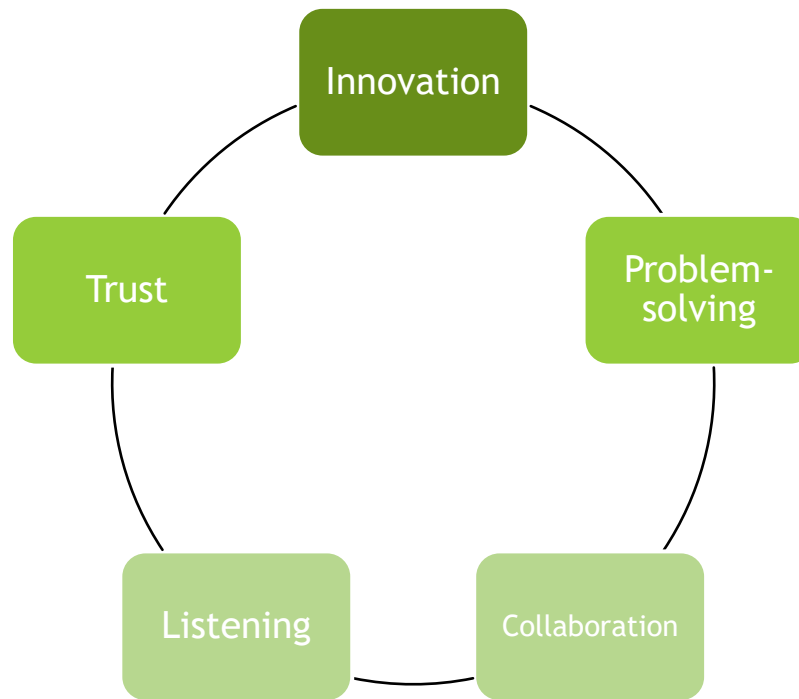

## OUR MISSION

The mission of Simcoe Plastics Ltd. is to partner with plastics processors to provide them with access to approachable, knowledgeable, trustworthy, and responsive engineering, purchasing, prototyping and consulting services.

# OUR VALUES

We are committed to upholding these 5 values in everything we do; from our internal processes to our interactions with our stakeholders:

## **Kurt Stahle**

*President, Simcoe Plastics Ltd.*

An industry veteran with over 40 years of plastics experience.

From the shop floor to the boardroom, Kurt has worked with people at all levels of an organization. He is passionate about meeting his clients' needs by applying a detailed understanding of their vision to create the best solution.

The values acquired early in life still ring true today; treat customers with the utmost respect, act with integrity, and share knowledge to advance the industry and problem solve.

# INDUSTRIES WE SERVE

Simcoe Plastics Ltd. supply multiple market segments including:

Automotive

Construction

Electrical

Recreation

Healthcare

Hospitality &  
Promotional

Houseware &  
Toy

Lawn & Garden

Flim &  
Packaging

# PRODUCT OFFERINGS

Our **“Passion for Polymers”** fuels innovation and excellence! If you need it – we will supply it!

Soft Touch (PVC, TPE, TPV)

Biodegradable & Water-Soluble Resins

Colourants & Processing Additives

Commercial Purging Compounds

Functional Masterbatches

Engineered Compounds

Commodity Resins

Processing Equipment

Grinding & Reprocessing

# OUR SERVICES

We partner with industry leading providers to refer, or project manage on your behalf. With 40 years of experience, we can offer you consulting services with confidence. It's about delivering tailored, high outcomes for our clients.

Automation

Consulting

Prototyping

# SUSTAINABILITY

Simcoe Plastics Ltd. is environmentally conscientious, with a focus on sustainability.

Our “green” solutions include:

- Reclaiming scrap parts and runners for reprocessing
- Award winning water-soluble resin for film production
- Additives to accelerate the break down of thermoplastics
- Products that actively kill mold, mildew, and bacteria supplied as an additive masterbatch or compound
- Plant-based thermoplastics for cap and closure, as well as food contact applications

# WHY PARTNER WITH US?

- Trusted expertise in technical support and consulting.
- Agility: Responsive and adaptable to client needs.
- Broad, high-quality product portfolio.
- Supporting innovation and sustainability.
- Commitment to building long-term, trusted relationships.

# In Summary

- Simcoe Plastics Ltd. is an Ontario, Canada based distributor of globally sourced thermoplastics.
- We offer both commodity and engineered resins and compounds, colourants, additives, functional masterbatches, bio-polymers, and purging compound.
- We are distributors of a water-soluble polymer for film and bag conversion as well as a full range of bio resins for everyday items such as cosmetic containers, take-away containers, and straws (and other extruded goods). We also offer a masterbatch designed to accelerate the rate of decomposition of conventional commodity thermoplastics.
- Consulting services.
- The principal of Simcoe Plastics Ltd., Kurt Stahle, has four decades of industry experience.
