Your plastics story could be the next episode!

*Be a **Guest** on That Plastics Guy*

The conversation definitely gets better when industry voices come together! We'd love to have you join That Plastics Guy. Even if you've never been on a podcast - the host, Kurt Stahle, makes it easy.

Kurt makes episodes feel less like a formal interview and more like a conversation between passionate industry professionals. Are you a supplier/customer of Simcoe Plastics Limited, or someone who would love to share innovative products, techniques or perspectives on the plastics industry and its future? Grab this opportunity to reach an engaged plastics audience and join us on the podcast.

Recent guests have included Greg Moffatt, President and CEO of CIAC, along with professionals and innovators across the industry. You could be next!

'TORAY' ABS & Nylon

Engineered for Performance

Available through Simcoe Plastics Limited - Toray ABS and Nylon resins are the solutions you need for high-performance materials.

Toray's ABS resins balance strength, appearance, processability and durability, making it suitable for a range of applications. For more demanding processes, Simcoe Plastics Limited distributes its nylon grades - designed for potential metal replacement with high strength and stiffness.

Interested? *We can help identify the right grade for your processing requirements.*

Reminder

New Tech Tip Friday podcast episode every FRIDAY!

Last month, we introduced a bi-monthly inventory update to our communications.

If you're not yet subscribed to our mailing list, now is a great time to join. This "Available Inventory Update" makes it easier for customers to identify material opportunities and secure it when needed.

As summer begins to wind down, we hope you make the best of the remaining season, even amidst the "back to school" rush.

There's been a lot happening behind the scenes at Simcoe Plastics Limited and we can't wait to share it with you. As always, thank you for your support of Simcoe Plastics Limited & That Plastics Guy podcast.

Kurt Stahle
